

## **How to say money in English**

- 1) Hi welcome to my English TV.
- 2) In this lesson I'm going to teach you how to say money.
- 3) A lot of people don't know how to say this number here.
- 4) In this lesson I am going to teach you.
- 5) We can say this number in a few different ways.
- 6) We can say One dollar and thirty five cents.
- 7) Or we can say A dollar and thirty five cents.
- 8) Or we can say One thirty five.
- 9) Or we can say A buck thirty five.
- 10) A buck means one dollar.
- 11) These two ways here are the more official ways to say it,
- 12) But these two down here are probably more common way to say this number.
- 13) Now a problem is that if we say One thirty five it could also mean this number  
here. But in real life its never be a problem because the constants always  
make its clear which one it is.
- 14) If we are buying a cup of coffee, and the person says it will be one thirty five  
obviously it means one dollar and thirty five cents.

15) But if we buy a pair of shoes or something and he said One thirty five then it is probably this number here, otherwise it will be really cheap shoes if you get one dollar and thirty five cents.
